Independent Wealth Manager

JOAN SHIFFLETT

Client Services Specialist | Senior Care

With a heart to serve the senior community, Joan founded Always Best Care Senior Services. Her mission is to make a positive difference in the lives of her clients and their families by providing high-quality service. Through Always Best Care, she provides non-medical, in-home care and senior independent and assisted living placement at no cost.

While serving as the nurture chairperson at The Brandermill Church, Joan became aware of the personal needs of not only the congregation, but also the surrounding community. She made a personal commitment to make a difference in the community, even if it was one person at a time.

Joan provides advice to families about keeping aging family members in their home and helps clients find the best options related to independent and assisted living communities. She also provides the resources necessary to help each family meet its individual goals.

Community involvement is also important to Joan. She dedicates time to a number of organizations, including: Health & Community Resource Network, the Richmond Senior Network, Partners in Healthcare, BNI-Synergy and the Chesterfield Chamber of Commerce. She has served as president of Breath Matters, co-founder and president of Senior Synergy, a board member of the Financial Educational Resource Network and as chair for the Chesterfield Council On Aging.

You are under no obligation to use the services of Joan Shifflett or any of the entities shown, and may choose any qualified professional to provide services. Joan Shifflett, The Main Street Group and Kestra Investment Services, LLC are unaffiliated entities.
